Grimsby, ON

## SUMMARY

Experienced Front-End Developer with expertise in HTML, CSS, JavaScript, and React, complemented by a strong background in project management and creative problem-solving from a 15-year film industry career. Demonstrated capability in Next.js and API integrations. Dedicated to continuous learning and delivering high-quality, user-centric web solutions. Known for my ability to quickly adapt to new technologies and efficiently manage multiple projects.

## PROFESSIONAL EXPERIENCE

### **DataAnnotation**

#### **Data Annotation Specialist (Freelance)**

**Remote | 08/2023 – Present**

- Executed high-quality data labeling to train machine learning models, significantly contributing to the enhancement of AI systems.
- Selected and managed diverse projects, ensuring completion within tight deadlines while maintaining high accuracy and quality standards.
- Effectively managed a self-directed work schedule, balancing multiple projects and personal commitments to consistently meet deadlines.

### **Freelance**

#### **Front End Developer**

**Toronto, ON | 10/2022 – Present**

- Launched PixlPal, a macOS colour picker app, achieving a successful debut on the Apple Store. Demonstrated proficiency in software development and project management. Quickly learned and applied SwiftUI.
- Developed web applications using Next.js, integrating Google APIs, YouTube V3, Web Audio, and OpenAI APIs to enhance user interaction and content accessibility. Leveraged Figma for UI/UX design and utilized HTML, CSS, JavaScript, TypeScript, and GitHub for version control.
- Created a Python tool for web scraping data for a fantasy football league, automating tasks and improving data management.

### **Production Experience in Film Industry**

#### **Various Roles**

**Toronto, ON | 2008 – 2022**

- Directed and managed film production teams, showcasing strong leadership and problem-solving skills.
- Developed and taught educational programs at Toronto Film School, enhancing course engagement through practical film production techniques and technologies.
- Co-Owned and managed business operations for sister companies, Epic Toronto Camera Rentals Inc. and Ethereum Films Ltd. Managed client relations, oversaw business operations, and led the development and UI/UX design of various systems, including an online inventory system for rental equipment and an online portfolio. Integrated Booqable for streamlined equipment bookings and calendar management, and directed content strategy that attracted significant investment.

## **EDUCATION**

### **Udemy**

Colt Steele: Web Developer Bootcamp  
Online | 2022
